Administrator joy

- Maintaining
  - e.g. new fields, default values
- Extending
  - new documents
- Configuring
  - default paths, naming

Coder/Community opportunities

- Macro-code – makes use of existing API
- Open source (TBD)
- More translations
- Probably interesting extension

Business perspective

- Attractive offering
- Target small business
- Possible subscription model

Road map (ideas..)

- Do the work on places
- Open sourcing
  - co-operating with other business?
- Data-connection
- More configuration for defaults
- Input checking and making it configurable
- ..
